

## **BAVARIA CRUISER 55**

**BAVARIA YACHTS**

**GERMAN-ENGINEERED, SAILOR-INSPIRED**

# BAVARIA CRUISER 55

BMW Design Group and Farr Yacht Design. Individually they conjure up the image of superior design and technology melded with classic style and function. Working together they are the creators of the new Bavaria Cruiser 55.

Featuring the sailing performance and exterior design that is the Farr trademark and enhanced by the unsurpassed interior styling of the BMW Design Group, the Bavaria Cruiser 55 sets a new standard for yachts of this size, and in fact any size.

Twin rudders allow for a dingy storage area in the transom that can accommodate a 9 foot inflatable with motor mounted, while providing the superior handling that is only possible with twin rudders. Swing out transom seating doubles as a boarding ramp when moored stern to, or a water slide when at anchor.

Below decks, the Cruiser 55 adds a whole new dimension to cruising comfort. Four interior layouts combine imagination and practical use of space to provide the ideal layout for any owner. From an owner's version complete with crew's quarters, to couples cruising or full charter, this is a yacht that can accommodate the needs of any sailor.
