

SUN ODYSSEY

# 49i

## Step : the sign of a new interior design

The interior layout maximizes space and natural lighting, key features in our line of new Sun Odyssey while preserving the fine qualities that have become synonymous with Jeanneau boats: elegance in every detail. A contemporary interior design features white upholstery for a pleasing contrast with the warm tones of solid wood and Fine Teak®, accenting the superior quality of woodwork for which Jeanneau is known. The seaworthy qualities that define a Jeanneau sailboat are also found in the interior design, including numerous handrails, rounded

edges on furnishings, and a weatherproof companionway for easy maintenance.

*Le STEP : le signe extérieur du nouveau design intérieur. L'architecture, basée sur le volume et la lumière, s'inscrit dans la lignée des nouveaux Sun Odyssey : un style raffiné dans chaque détail. La décoration intérieure souligne le contraste entre le capitonnage blanc, le bois massif et le Fine Teak®. Elle met en valeur la qualité de l'ébénisterie qui fait la réputation de Jeanneau. Le nouvel intérieur Sun Odyssey a été pensé pour les ma-*

*rins notamment grâce aux nombreuses mains courantes, aux meubles arrondis, à la descente dont les matériaux synthétiques facilitent l'entretien.*

Step. Das Kennzeichen für das neue Innen-Design. Eine auf Raum und Licht basierende Innearchitektur und ein bis ins Detail gepflegter Stil sind die Erkennungsmerkmale der neuen Sun Odyssey-Modellreihe. Ihre Innenausstattung bringt den Kontrast zwischen weißen Polstern, Massivholz und Fine Teak® ebenso

gut zur Geltung wie die hochwertige Verarbeitung, für die Jeanneau bekannt ist. Zahlreiche Handläufe, abgerundete Möbelkanten, ein Niedergang aus pflegeleichtem Kunststoff sind nur einige der vielen schiffigen Details, die zeigen, dass das neue Interieur der Sun Odyssey von Seglern für Segler geschaffen wurde.

*Step: El signo exterior de un nuevo diseño interior. La arquitectura, basada en el volumen y la luz, se inscribe en la línea de los nuevos Sun Odyssey: un estilo refinado en cada detalle. La*

*decoración interior subraya el contraste entre el capitoné blanco, la madera maciza y el Fine Teak. Poniendo en valor la calidad de la ebanistería que da reputación a Jeanneau. El nuevo interior Sun Odyssey ha sido pensado para los marineros, particularmente gracias a sus numerosos pasamanos, a los muebles redondeados y a la bajada donde los materiales sintéticos facilitan el mantenimiento.*

Step: il segno di un nuovo spazio interno. La generazione dei nuovi Sun Odyssey è caratte-

rizzata da un design d'interni che massimizza gli spazi e la luce naturale e dalla cura di ogni dettaglio. Lo stile contemporaneo degli interni si evidenzia nel contrasto tra la tappezzeria in pelle bianca, il legno massello ed il Fine Teak, a dimostrazione della qualità della lavorazione del legno per la quale Jeanneau è conosciuta. Il nuovo interno del Sun Odyssey è stato pensato per chi va per mare, grazie ai numerosi tintibene, ai mobili stondati, alla scala di accesso, agevole e di facile manutenzione.

# A distinctive brand

Henri Jeanneau's passion and commitment to quality boat building began in 1957. From the first artisan-crafted runabout to today's precision-manufactured sail and power boats, that passion and commitment is now shared by our 2500 employees and our network of over 300 distributors world-wide.

Our customers help drive the innovation and quality that are the hallmarks of Jeanneau. As experienced sailors, their input enables our design and production teams to quickly implement new ideas and enhance proven ones. The result, as you'll see, is a way of creating boats of extraordinary quality, value and timeless beauty.

## Design The Technology of Beauty

The strength of Jeanneau can be seen in the beauty of our boats. World-renowned designers and architects work with our in-house teams from the inception of each project and provide their expertise and innovative ideas. The result of this partnership: captivating and inspiring designs that stand the test of time.

## Construction The Engineering of Beauty

The Jeanneau Formula for success: Combine 50 years of practical boat building savoir-faire with the latest construction technologies. Invest in and continuously improve technologically advanced factories with ergonomic production lines, computerized processes and efficient logistic supply chains. Translate the efficiencies into lower costs and higher quality for the customer.

## Performance

A Jeanneau must be responsive, agile and fast. Performance encompasses not only speed but exceptional handling under power, smooth passage through heavy seas, confidence and control. Every experience on-board a Jeanneau is enhanced by our well-balanced sail plans, modern hulls, high-end sails and quality deck hardware.

## Research & Development

A specialized Research & Design facility at Jeanneau houses 130 engineering specialists. This facility is unique in the boat-building sector, providing R&D resources usually available only to large aeronautical and automobile companies.

## Superior composite technologies

20 years ago Jeanneau developed a closed moulding process called Prisma Process. This technological edge yields a higher-quality part with a lower weight, but also reduces airborne VOCs by 90% as compared with traditional GRP moulding thus making it a much greener way to produce boats.

vide precision parts finished to industrial tolerances. These are then individually assembled with the experienced eye and hand of the craftsman.

## Economies of Scale

No other builder enjoys the economies of scale available to Jeanneau. As an integral part of the world's largest sailboat building group, Jeanneau benefits by having access and influence with top-shelf suppliers. This allows us the highest quality materials and components, sourced from the leading suppliers, at appreciable savings to our customers.

## CATIA®

Each new Jeanneau is comprehensively designed via the powerful CATIA® design software. CATIA® allows Jeanneau to design a better boat with more attention to detail in a shorter timeframe.

## A passion for wood

Rich interior woodworking has always been a signature of Jeanneau quality. Using fine quality hardwoods and marine composites, computerized varnishing machines and CNC routers pro-

Step into the new generation!

# The Timelessness of Beauty

## Quality The Timelessness of Beauty

Our total quality control system tracks a product through the entire production process and beyond. From laboratory tests of each batch of resin to tank testing to customer satisfaction questionnaires and frequent supplier reviews, we continually seek ways to improve our boats.

**Dependability**  
Quality starts with the best materials and components. Aboard a Jeanneau you will find equipment from the leaders in each field, because we only use suppliers that share our commitment to quality control and product excellence. These premium suppliers also help ensure servicing of your boat's components world-wide.

and only use the highest quality deck fittings. This helps create the legendary Jeanneau seaworthiness that comes with 50 years of experience in building offshore boats.

**ISO 9001**  
As an ISO 9001 company, the Jeanneau's building process is certified to the highest international standards. Each new sailboat is thoroughly tested throughout the building process and each receives additional tank testing where all systems are put through their paces.

**International Standards**  
All Jeanneau boats carry the CE certification which ensures strict standards for stability, safety and structure. In addition, all boats 12m and over are certified by the Bureau Veritas, an independent engineering certification. This certification includes every part of the conception and building process.

**Safety**  
Peace of mind is part of the Jeanneau experience, which is why safety is standard. We conduct extensive finite element analysis of our structural systems, design secure handholds throughout, utilize large hatches that double as emergency egress routes,

## Satisfaction The Enjoyment of Beauty

At Jeanneau, we know that delivering excellent boats is only the beginning; excellent customer service must follow. When you purchase a Jeanneau you become part of our family.

## Warranty & Service

Jeanneau has an established and professional distributor network in 50 countries, experienced and regularly trained on the Jeanneau product line and new models. Distributors are aided by an innovative intranet program to facilitate the delivery of spare parts in the shortest time. In addition, each of these distributors is prepared to advise our clients and provide them with the exemplary service they should expect from a major boat builder.

The Jeanneau experience is unique. No other builder can offer the same level of cutting-edge design, superior finish, performance and customer satisfaction - all in a competitively priced package.
